## SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT

Sir:

Further to the Information Disclosure Statement filed January 21, 2004, the Examiner is respectfully requested to consider the additional references, copies enclosed, which may qualify as prior art. For the Examiner's convenience, the references are listed on the attached Patent and Trademark Office Form PTO-1449.

References known to the applicants have been listed on the enclosed form PTO-1449 or a substitute. That information is cited in a spirit of forthrightness and cooperation to enable the applicants to obtain that measure of protection for the invention to which there is entitlement. However, no representation is made that the listed art actually qualifies as prior art under the patent statute and the mere use of form PTO-1449 or a substitute is not an admission that all listed references are prior art. No representation is made that applicants know of the best art.

Under 37 C.F.R. 1.98(a)(3), the relevance of any reference not in the English language is believed to be apparent from the information, figures and schemes contained therein and abstracts thereof which are in the English language. For foreign patent document FR 2533222 in particular, potential relevance is suggested by its citation in a search report by a foreign patent office.

It is believed this submission does not require the payment of a fee as it is being submitted prior to the issuance of an Office Action on the merits of the application. If this is incorrect, please deduct the appropriate fee from deposit account no. 07-1969.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Steven J. Penner".
